## **1. DEFINITIONS:**

### **1.1 Trial Status**

It is assumed that all trials referred to in these rules are affiliated with the Association. The Constitution, Policies, Code of Conduct and these Rules have application at affiliated trials.

### **1.2 Yard Dog Trial**

A competition conducted in sheep yards with the intention of replicating various aspects of yard work on farm. A time limit will be specified.

### **1.3 Utility Trial**

- a) A competition which includes both yard and paddock sections. The yard component is conducted using ten (10) or more sheep. The paddock section contains 3 obstacles and is conducted using three (3) or five (5) sheep. The VYUFDA suggests a gap, race or bridge and either a pen or a put away. The time limit should be 10 – 15 minutes.

### **1.4 Farm Trial**

A Farm trial has one obstacle in the paddock section and a yard section.

### **1.5 The Organising Committee/Convenor**

The people responsible for organising and conducting the trial.

### **1.6 Handler**

The person who enters and works a dog in a trial.

### **1.7 Cross**

The dog moves between the handler and any sheep whilst both handler and sheep are in the same yard/working area.

### **1.8 Technical Cross**

The dog moves between handler and sheep because the path is blocked by a protruding obstacle but remains on same side of mob.

### **1.9 Working Cross/Driving**

The dog moves between handler and sheep in order to hold or push sheep in desired direction or position.

### **1.10 Tail turn**

The dog turns a full circle away from sheep whilst working sheep.

## **2 COMPETITION LEVELS/CLASSES**

A dog's status in Yard trials and Farm trials are one and the same.

For interstate competitors competing in VYUFDA events, the dogs status will be governed by their home state status.

### **2.1 Encourage Yard, Farm and Utility**

- a) For handlers who have not won two (2) Encourage or any other Affiliated Yard/Farm or Utility Trial. Once a Handler has won two Encourage trials, they are no longer eligible to compete in Encourage trials.
- b) An Encourage handler may enter and win one Encourage trial with a dog which has won a higher class with another handler.
- c) If an Encourage handler wins a competition above Encourage, they are no longer eligible to compete in Encourage.
- d) Encourage trials are the only competition level where Yard and Utility are classified as the same. For all other levels a win in the Yard/Farm does not affect Utility status and vice versa.

### **2.2 Maiden Class**

Any dog which has not won a Yard/Farm or Utility Trial except at Encourage level. When a dog has one Maiden win it breaks status.

### **2.3 Novice**

#### **2.3.1 Yard and Farm**

A dog that has;

- a) Not won two (2) Novice Yard or Farm trials.
- b) Not yet won a higher status Yard or Farm trial.

#### **2.3.2 Utility**

A dog that has;

- a) Not won two (2) Novice Utility trials.
- b) Not yet won a higher status Utility trial.

### **2.4 Improver**

#### **2.4.1 Yard and Farm**

A dog that has won two (2) Novice Yard and Farm trials, but not yet won either two (2) Improver Yard/Farm trials or one (1) Open Yard/Farm trial.

#### **2.4.2 Utility**

A dog that has won two (2) Novice Utility, but not yet won either two (2) Improver utility trials or one Open Utility trial.

## **2.5 Open Yard, Farm, Utility**

A dog which has won two (2) Improver trials or one (1) Open trial.

## **2.6 Competition Levels**

Maiden dogs are eligible to participate in Novice trials.

Improver dogs are eligible to participate in Open trials.

Encourage handlers may enter Maiden/Novice at the convenor's discretion.

## **2.7 Restriction to Class**

Dogs and Handlers may be restricted to class at the discretion of the Convenor, except in the case of the State Yard Championship where only Improver and Open status dogs may contest the Championship.

## **2.8 Separation of classes**

It is not necessary to conduct separate trials for each competition level.

Maiden/Novice and Improver/Open competitions may be run in conjunction at the discretion of the Convenor.

## **2.9 Breaking Status**

- a) Breaking status is to have immediate effect.
- b) Dogs scoring an equal number of points for first place will affect their present status. If there is sufficient time, a run off must be conducted to determine first (1st) place. Total points determine the placing of all place getters.

## **2.10 Competing at incorrect level**

- a) If during the course of a trial it is discovered that a dog has been entered in the wrong class, all dogs run by that handler will be disqualified.
- b) Any handler who works a dog in a trial at a level in which that dog is ineligible to compete, will be subject to disciplinary action in accordance with the Constitution.

# **3 RESULTS**

- d) In the Improver and Open classes, one (1) cross in the cast is permitted with a 20-point penalty. Any further crossing in the lift and draw or whilst working obstacles outside the yards would incur disqualification.

#### **18.2.2 Obstacles**

- a) A utility trial has three (3) obstacles in the arena. The VYUFDA recommends a gap, race or bridge and either a pen or a put away.
- b) The judge shall subscribe a points value to each obstacle. As a guide, 20 for the pen, and 10 for each of the other two obstacles

- c) When taking sheep from one obstacle to another, handlers should walk in a straight line. Points must be deducted if the handler stops or varies from the straight line.
- d) Judges may deduct points if sheep are more than 9 metres behind or in front of the handler.
- e) The Handler must negotiate the obstacle from the peg, or within the designated working area before sheep have completed the obstacle (last leg of last sheep) or the obstacle must be reworked, except for the Pen.
- f) If a handler leaves their peg before having negotiated an obstacle they must be disqualified.
- g) When negotiating obstacles, points may be deducted if sheep are allowed to circle the obstacle, or if they pass the wing and are brought back
- h) If any sheep escapes from the pen through the gate after the worker has left his peg to shut the gate, the trial terminates. All points for the pen will be forfeited.
- i) If a dog enters the pen prior to the gate being closed and sheep do not leave the pen, the clock will continue to run until the dog is back on course and outside of the pen. If not all points for the pen will be forfeited.
